**Note from the President:**

It is important that the membership of the Society have the knowledge of discussions and events

Therefore, it is highly recommended that you be present at the monthly meetings to discuss these issues and help with solutions.

Welcome all new members to Glen-coe Conervation Society. Spring is here finally even though we have had a very heavy winter our club needs a good cleanup inside and out. Our annual spring cleanup is schedule April 18<sup>th</sup>, 8 am . All members that are able to help are welcome.. It is encouraged that new members attend events this is a great way to meet other members ,see what our club is all about , embrace in some outdoor activities, put some time in for member in good standing. Don't forget to fill out the worklog.

I would like to take this time to thank all of our members that participate in club events that generate funds for the society. With out events like our Archery shoot, Trap shoots and raffles, the club would be in the red. These event's don't run themselves, they require dedicated members to organize and run. I know some of these members have been doing this a long time and deserve Thanks. More of our membership should help with these events as it is these events that keep our yearly dues at there present rate. If anyone wants to know the dates and times of these events they are posted at the club and on our web site [glen-coeconservationsociety.com](http://glen-coeconservationsociety.com)

Thanks  
Craig

**Fun Facts-10 years ago we had 9 new members to our club**
