***Note from the President:***

Well summer is upon us and going by fast. Myself and our board/Officers have been working hard to get everything line up for our pole barn construction. I must say it been a lot of work. Unfortunately we fell short of our goal. We are still shy. and much work to do. We are also still in search of a replacement Treasurer.

My ask is that we really need more of you our club members to step up. This club is for all of us. We seem to hit high and lows through the years, but somehow it has always come together. Why because of you all. I just want to say. Thank you

It is important that the membership of the Society have the knowledge of discussions and events therefore, it is highly recommended that you be present at the monthly meetings to discuss these issues and help with solutions.

Come up to the club it is a great way to meet other members. Also please consider donating time to any and all events. Meeting is the last Tuesday of every month 7:30pm start.

Hope to see you all there

GC President  
Craig
